Mrs. Mary Wood—Six-room dwelling house on Forest avenue, Fifth ward.

The Central Hotel Company was granted a license to conduct a near-beer and soft drink parlor at 115 Market street.

An ordinance amending an ordinance to widen East Third street from Bridge street to Hunter's alley from thirty feet to forty feet, to narrow Market street from Third to Fourth street from forty feet to thirty-eight feet was read and received. On motion the rules were suspended and the ordinance was placed on its second reading and final passage and adopted.

An ordinance granting railroad companies the right to run at the rate of fifteen miles an hour through the city and to make said companies ring the engine bell continuously after entering the city limits was read and received. On motion the rules were suspended and the ordinance was placed on its second reading and final passage and adopted.

An ordinance designating Second street from Graves alley to Cherry alley, Court street and lower Market street as congested territory, and fixing Wall, Sutton, center Market and West Third street as parking places was offered and received. The rules were suspended and it was adopted on its second reading.

A communication from the Board of Education giving a report of the expenditures of the board for school purposes during the last year was read and received.

A communication from the Modern Laundry Company asked that said company be exempted from taxation for a period of five years, there being an ordinance to govern such cases. A motion was made that same be granted, but after looking up the ordinance it was found that it applied only to manufacturing industries, and the motion was declared out of order.

The special committee for investigating the cost of auditing the city books asked for further time, which was granted.

Assistant City Engineer Miller was allowed \$50 as a part of his salary, and his assistant, Mr. Lucien Luttrell, was allowed \$30 for half a month's salary.

The matter of putting oil on the pond on East Second street belonging to Mrs. George Hunter was placed in the hands of the Propositions and Grievances Committee.

Chief of Police James Mackey was granted a one week's leave of absence with pay.

The matter of oiling different streets throughout the city came up for discussion and it was decided that if the property owners would furnish the oil the city would distribute same free of charge.

On motion it was ordered that emergency bonds to the sum of \$2,000 be issued and placed in the hands of the chairman of the Ways and Means Committee.

The Chairman of the Ways and Means Committee was ordered to take up brick street bonds to the extent of the funds now on hand.

Mr. Hall Strode was appointed a member of the Board of Health to fill the vacancy caused by the resignation of Mr. J. Roger Devine.

Messrs. I. M. Lane, J. C. Rains and C. C. Dehyna were appointed Tax Supervisors for the year 1916.

On motion Council adjourned.

BOND ISSUE

For Good Roads To Be Voted Upon
June 24—Order Made In County
Court Calling For Election.

Petitions were filed in the Mason County Court Monday afternoon asking for the calling of an election on the issuance of \$200,000 in bonds for good roads. The order was as follows:

It appearing that Scott Fletcher and 226 other citizens, freeholders and legal voters of Mason county, did, on the 24th day of April, 1916, file with Hon. W. H. Rice, judge of the Mason County Court, a petition requesting that this court make an order on its order book at the next regular term thereof directing an election to be held in Mason county, Ky., on Saturday, June 24, 1916, to ascertain whether or not the voters of Mason county are in favor of issuing two hundred thousand dollars (\$200,000) in bonds for the purpose of building and reconstructing the public roads and bridges in said county, it is therefore ordered and adjudged that an election be held for said purpose on June 24, 1916. The sheriff of Mason county is directed to advertise said election and the objects thereof for at least thirty days before the day thereof in some newspaper having the largest circulation in the county, also by printed handbills posted at not less than four public places in each of the voting precincts in said county and at the courthouse door. The County Clerk is directed to have printed on the official ballot the question, "Are you in favor of Mason county issuing two hundred thousand dollars (\$200,000) in bonds for the purpose of building roads and bridges?" and to leave two spaces upon the right of said question, one for votes favoring the issue, to be designated by the word "yes," and one for votes opposing the issue to be designated by the word "no." Said ballot to be printed as provided for in section 1459 Kentucky Statutes, and said election shall in all respects be held in accordance with the general election laws of the state.

FARMERS' MUTUAL INSURANCE COMPANY ELECTS OFFICERS.

The Farmers' Mutual Insurance Company of Mason County held its regular business meeting Monday afternoon in the office of its secretary, Mr. James B. Key, and elected the following directors for the ensuing year: W. H. Robb, B. H. Marshall, Charles Wallingford, Charles Owens, S. P. Perrine, R. T. Watson, J. T. Holton, John Laytham, L. M. Collis, Theo. Owens, Adrian Suit, Joseph Cochran and Allen Robertson.

The directors chose the following officers for the ensuing year:
President—W. H. Robb.
Vice President—B. H. Marshall.
Secretary—James B. Key.
Inspectors—J. D. Perrine and Dan Roe.

Resolutions of respect for the late Thomas R. Robertson, who was one of the directors of the company, were read and a copy ordered sent to the family of the deceased.

SUITS AND COATS

The best we have ever had at their respective prices. This should be understood—and expected. It is a poor business indeed which cannot show improvement from year to year. Contrary to many prophecies these new suits and coats, although different (and we think better) in style, are not freakish. Lack of dyes has not as yet resulted in a meagre assortment of colors. Nor have we found it necessary to advance prices. We are confident you will be pleased with an inspection of them. Coats \$5.00 to \$17.50. Suits \$15.00 to \$35.00.

A TARIFF FOR REVENUE WILL MAINTAIN PROSPERITY.

James J. Hill, a master mind in many affairs of modern business life, in a recently published newspaper article, has reviewed present business and financial conditions, and from them deduced conditions that will confront the people of the United States when the European conflict comes to close.

Among other very interesting statements of fact and equally interesting comments upon them, he says:

"It is wise to consider the case of those who will be at the same time our customers and our competitors. Today in England, France and Germany every man who is not at the front is at work and earning higher wages than he ever received before. In England the average increase in wages is probably 20 per cent. And most of this is not being saved for the future, but consumed in a more liberal scale of living and in drink. Many women are at work who never earned before. Governments are distributing large sums to the families of men in the field.

"When war is over, millions of men of all the warring nations must return and find places in the ranks of peaceful industry. Others must be supported in their helplessness. Wages will come down, and painful saving be the rigid law of life."

Mr. Hill could also have stated that of the millions of women who have been called into work as operatives in manufacturing establishments of Europe and in other branches of work, heretofore monopolized by men, few will be willing to give up the employment which has made them self-supporting, and this labor will form a permanent addition to the available labor of Europe.

It was officially stated in the House of Commons last week that fully 195,000 women were employed daily in the munition works of the United Kingdom.

In every rural district, in every hamlet, in every town and city of Great Britain, France, Germany and Austria, women are now employed at work that gave employment only to men before the war.

When the war closes the labor of Europe must find employment to exist, and it will be either low wages at home or emigration to other countries.

The administration of the United States can not do better service to the people of the United States than to revise the tariff, and not only to revise it for more revenue, as the Democratic party has promised to do for forty years, but revise it so as to protect our manufacturers, our workmen, our merchants, who are dependent upon prosperity of the masses in this country from the evils which the dumping of the surplus outputs of Europe in our markets at the close of the war is sure to bring upon our people.

"An ounce of prevention is worth a pound of cure," and the Democratic administration, the Democratic Senators and the Democratic Representatives can furnish the prevention through revision of the tariff.—Cincinnati Enquirer.

Meredith Nicholson, author of the "Port of Missing Men," and other works of fiction, has been spoken of as assistant secretary of war to succeed Henry Breckenridge, who resigned with Garrison Mr. Nicholson's training in the world of letters commends itself to Mr. Wilson, who is afflicted with writers' itch. If the Children's Bureau is ever vacated during Mr. Wilson's administration, he will probably appoint Laura Jean Libbey to that position. This is a pen and ink administration.

The terminology of the White House appears to have undergone a change, also—though neither as sudden nor so numerous as the President's changes of mind. We note that the word "crisis" now has given place to the word "climax" in describing the state of our relations with Great Britain. We anxiously await the new synonym for "great diplomatic victory."

GENERAL CONFERENCE

Of the Methodist Episcopal Church
Opened Monday At Saratoga
Springs, N. Y.—Will Last
a Month.

On Monday morning there convened in Saratoga Springs, N. Y., the twenty-seventh delegated quadrennial session of the General Conference of the Methodist Episcopal Church. This delegated body of over 800 ministers and laymen in equal numbers meets every four years to review the work of the church and to revise and add to its legislation. The General Conference is made up of delegates from the 133 Annual Conferences, the Annual Conferences being the working unit of Methodism. These delegates are elected on a basis of one ministerial delegate for every forty-five, or fraction not less than two-thirds of forty-five, ministerial members in any given Annual Conference as its ministerial delegates. Laymen were first admitted to the General Conference in 1872, and in 1900 women were acknowledged as lay members. These lay delegates are elected at a meeting of one representative from each local church in each Annual Conference territory. For the past twelve months as the Annual Conferences have met, delegates have been elected.

The first General Conference of American Methodism was held in Baltimore, Md., in 1792, at which all preachers in full membership of an Annual Conference were eligible. The first delegated General Conference was held in New York City, May 1-22, 1812. At this Conference the first Episcopal address, an utterance which has become of increasing importance, was delivered. This Episcopal address is now accepted as the official declaration of the church on important theological, administrative and social problems. At the General Conference held in New York City in 1844, the agitation over slave holding became so acute as to result in plans for separation between that section of the church in the north and the section in the south. The Methodist Episcopal church, South, was organized in Louisville, Ky., on May 1, 1845.

Methodism began in America with the arrival of Philip Timbary and Barbara Heck, Irish immigrants, who were enthusiastic in the propaganda of their faith. John Wesley, who was the founder of Methodism in England, remained at the head of American Methodism until the Revolutionary War severed relationships between England and the United States. All of the preachers with the exception of Francis Asbury returned across the sea, whereupon, September 1, 1874, John Wesley ordained Dr. Thomas Coke to be superintendent or bishop of the Methodist Societies of the United States of America. There are now twenty bishops and seven missionary bishops serving the Methodist Episcopal church throughout the world. The former are elected by General Conference and located for four years each in cities which are designated Episcopal residences. The latter are elected by General Conference for continuous service in specific fields.

The Methodist Episcopal church was organized at Baltimore, Md., at the so-called Christmas conference, December 24, 1748, to January 2, 1885. At that time there were 104 preachers and 18,000 communicants. There are now over 15,000 preachers and 4,033,123 members. In the early days of the Methodist church the salary of a preacher was \$64. If he married, he received the similar amount for his wife, with \$16 for each child under six and \$22 for each child between 6 and 11.

Among the important matters that will come before the General Conference at Saratoga Springs are the questions concerning organic union with the Methodist Episcopal church, South, which has been under discussion for some time with both these important branches of Methodism; the question whether the church shall elect bishops for races and languages; the election of bishops to take the place of those who have died during the last four years and those who will retire from active service automatically by reason of this session being nearest to their seventy-third birthday; the election of editors for the church press, which includes the Methodist Review, the numerous weekly Christian Advocates, the Epworth Herald, and the Sunday school publications for the church; the election of corresponding secretaries for such church boards as the Board of Foreign Missions, the Board of Home Missions and Church Extension, the Freedmen's Aid Society, the Board of Education, the Board of Sunday schools, etc.; the election of publishing agents (administrative heads) of the Methodist Book Concern, etc.

HIGH PRESSURE ANESTHESIA, LATEST DISCOVERY MAKES DENTAL SURGERY PAINLESS AND SAFE.

(Philadelphia Ledger.)

You needn't tremble any more when you think of having that pestiferous molar, incisor or bicuspid removed. You need have no cause to worry that the dentist will see to it that, in addition to the agony of having teeth "drawn," you will be compelled to seek a quiet seaside hotel to recover from the effects of the operation.

Science has done away with all this, as was amply demonstrated yesterday by Dr. W. T. Jackman of Cleveland, O. Dr. Jackman spent nearly all of yesterday forenoon explaining to the students in the department of dentistry at Medical-Chirurgical College that the day of the "back number" dentist who resorts to physical violence and a talking machine to extract his patients' teeth is at an end.

And here the question may be asked. How can pain or the after effects of an anesthetic be entirely eliminated? The answer, according to Dr. Jackman, is a comparatively easy one, high pressure anesthesia. Just what this is and how it is applied to the dental trimmings of a patient's mouth students who heard the lecture refused to state. They said, however, that Dr. Jackman, was one of the best "humanitarian dentists" in this section of the globe.

Dentistry, having given general anesthesia to the world and robbed the surgical operation of its suffering, does not find it applicable to its own special requirements, for it is not a panacea for all the aches and pains presenting in the dental offices. When understandingly and properly used, however, general anesthetics will do much to alleviate pain.

High pressure anesthesia, on the other hand, can be directly applied to any tooth, and has no possibilities of infection, as the soft tissues are not touched in any way. It produces the desired results in five minutes after application. It has not post-operative difficulties to be encountered.

The appliances for its administration are simple and those to which any dentist is accustomed in his other daily ministrations. It only requires some patience and tact to become a master of its technique.

MEXICAN-AMERICAN CONFERENCE AT STANDSTILL.

El Paso, Texas, May 1.—Mexican and American conferees over the disposition of the American forces in Mexico marked time yesterday while Generals Hugh L. Scott and Frederick Funston awaited word from Washington as to the next step to be taken in the negotiations with General Obregon.

The report of the American representatives on the first conference went forward by wire early yesterday morning. On the answer of President Wilson and Secretaries Lansing and Baker to its recommendation depends the future status of the conference.

In the meantime the following facts developed:

That to date the apparent intention of the Washington government to keep General Pershing's column in Mexico has not been changed.

That General Obregon, in yesterday's conference, served no sort of notice on Generals Scott and Funston that could be construed as an ultimatum demanding immediate withdrawal.

That the desire of the de facto government for withdrawal again was stated, but that the only discussion along this line was regarding the advisability of an American retirement.

That there was considerable discussion of the possibility of effecting American and Mexican co-operation in the eradication of scattered Villa bandit groups.

That there is a strong possibility there will be only one more conference held, that depending on the wishes of the Washington government.

That while the present negotiations are proceeding, shipments of supplies to the American expedition's front are going forward uninterruptedly, among other supplies leaving the Columbus has yesterday being nine truck loads of ordnance.

From stray bits of information that became known today it appears that yesterday's conference ended with the question of withdrawal of the United States troops still uppermost in the minds of the Mexican conferees.

They are understood to have tried to impress on the American representatives their claim that political conditions in Mexico are such that they can not be responsible for any eventualities that may result from continued occupation of Mexican soil by American columns. They are said also to have laid stress on the fact that the position of the Carranza government would be extremely delicate if the expeditionary movement were not ended.

EDISON'S FIRST "CLEAN-UP."

When Thomas A. Edison sold papers on trains for the Detroit Free Press Company, during the Civil war, a printer showed him proofs of next morning's big story, that of the battle of Shiloh, and Edison telegraphed a bulletin to every newsdealer along his route, bought himself hundreds of copies of the edition and sold them at a good price, making what is known in modern parlance as a big "clean-up," probably his very first.

Four Inch Tires

A LOW priced car—light in weight and economical to run—and thoroughly equipped in every particular. This is Overland Model 75. And in appearance this new Overland far surpasses any other low priced car. The body is the latest streamline design, handsomely finished in black with nickel and aluminum fittings. Large tires—four inches all around—add to the appearance besides providing greater comfort and mileage. The rear springs are the famous cantilever type. Demountable rims are used and one extra rim is supplied. The equipment includes Autolite two-unit starting and lighting system. There is a speedometer and a full set of tools. Based on actual provable values it is the lowest priced completely equipped car in the market.

RECORD OF THE PAST

No Stronger Evidence Can Be Had In Maysville

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement.

Mrs. John Burns, Maysville, says: "I was subject to severe spells of backache and kidney trouble. They came on every three or six months and at times I was confined to bed and almost helpless. I used Doan's Kidney Pills and they gave me quick benefit. Since then when I have noticed slight return attacks of backache, I have used Doan's Kidney Pills and they have never failed to quickly check the trouble."

OVER SEVEN YEARS LATER Mrs. Burns said: "The statement I gave before praising Doan's Kidney Pills still holds good. I know that this medicine acts as represented."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

U-BOAT TO BE USED AS CRUISER ONLY BY GERMANY PENDING NEGOTIATIONS.

Washington, May 1.—Information received last night from German sources is to the effect that the Berlin government has considered replying to the American demand for the immediate abandonment of present methods of submarine warfare with an offer to have its submarines operate, at least temporarily, only as cruisers against enemy merchantmen. German officials are said to have expressed themselves as being favorable toward the plan.

The State Department, so far as is known, has no information on the subject.

If the German reply has been drafted, official information on the subject is lacking.

That a note will be sent by Berlin in preference to instructions to Count von Bernstorff, the German ambassador, is considered in German quarters to be certain. It is known that the latter method of procedure was at one time considered by the German government. The idea was said to have been abandoned, however, because German officials in Berlin felt a note would serve all purposes more completely.

The American note calls upon Germany to immediately "declare and effect" an abandonment of existing submarine practices. In German quarters it is intimated that it is quite possible that Berlin government will so "declare and effect" and qualify the action with a statement that the declaration is to remain in effect pending final agreement over the principles involved. There is no indication whether such action would meet with the approval of the United States.

It was intimated at the State Department soon after the American note was dispatched, however, that the United States might consent to further negotiations on the subject, in the event of Germany declaring and effecting what the United States demands. It was made clear, however, that the demands would have to be accepted to first.

According to the advice from German sources, Berlin's reply is expected to deal with broad principles rather than specific cases of illegal attacks by German submarines. The specific cases it is said, will be taken up later, should the two governments reach an agreement on the principles.

There is no definite information here regarding the time when the reply may be expected.

It is felt in diplomatic and official quarters that it hardly will be received before the middle of the week at the earliest.

BASEBALL'S ONLY RIVAL.

Dick Kinsella, the Giants' scout, claims that the moving picture theaters are taking the fans out of the bleachers. This former owner of the Springfield club in the Three I League and now scout of the Giants traveled east recently with a former sporting editor who is now in the movie business.

"Do you know, I believe the bleacher business has been more than cut in half but the film houses," said Kinsella. "It's got so bad that I gave a quarter to a boy friend of mine last summer to take in a ball game. I kept my eyes peeled for him that afternoon but couldn't locate him."

"That night I asked him how he liked the game. He seemed to act secretive and finally admitted that he had spent the two bits for five moving picture shows."

It is hard to convince a schoolboy that summer vacation days are longer than winter school days.

THOUSANDS OUT ON STRIKE AS MAY FIRST DAWNS.

New York, May 1.—An analysis of labor conditions in this city and the metropolitan district shows that on May 1 dawned with between 50,000 and 60,000 workmen and women on strike or locked out, with other industrial disturbances threatened which may throw thousands more out of employment.

Strikes involving scores of thousands are in effect or threatened in other parts of the east, notably in Pittsburgh, where 14,000 Westinghouse employees are on strike. Settlement also is pending of the country-wide demands of 400,000 railway employees.

Taken altogether, no May day in recent years has witnessed so many concrete evidences of industrial unrest, in spite of the fact that many thousands of workers have been granted higher wages and shorter hours.

The right of labor to an increased share in the country's prosperity resulting from the war, joined with the higher cost of living, are declared by labor leaders generally to form the foundation of labor demands.

An encouraging development almost on the eve of May Day was the announcement that a tentative agreement had been reached by the representatives of the operators and miners which probably would avert a strike 175,000 miners in the anthracite coal fields.

Announcement was made tonight also that because of concessions granted by steamship companies and master stevedores a general strike of workmen on the water front in this city was not probable.

Industrial disturbances here include one of the most serious in the city's history. The Cloak, Suit and Skirt Manufacturers' Association, members of which do an aggregate business annually estimated at \$376,000,000, anticipating a possible strike during the height of the summer's activities in garment making, forestalled such action last week by declaring a lockout affecting between 30,000 and 35,000 employees.

Union leaders expressed the belief today that trouble will last until September 1. The lockout was followed by a threat on the part of some 35,000 employees in independent shops to walk out today or Tuesday unless the employers grant their demand for a continuance of the provision in the 1910 protocol favoring union workers over those unorganized.

The next largest strike in this city, numerically, involves about 10,300 painters and decorators who demand increased pay. Other trades in which employees are idle include 2,500 jewelry workers and 1,500 custom tailors.

NATIVE OF KENTUCKY TO BE ONE OF PRINCIPAL SPEAKERS AT CONFEDERATES' REUNION.

Birmingham, Ala.—Irvin Cobb, the celebrated wit, war correspondent, lecturer and short-story writer, will be one of the principal speakers at the Confederate veterans' reunion, May 16, 17 and 18, in Birmingham. Information to this effect was sent to Birmingham by General Bennett Young, commander-in-chief of the Confederate organization. Mr. Cobb was invited to speak by General Young. The famous wit is a son of a Confederate soldier and a native of Kentucky. He and General Young have been friends for many years. In reply to an invitation to speak Mr. Cobb sent this reply:

"My Dear General Young: "Realizing as I do, my own unworthiness for service you would have me perform, but overcome, as I am, with gratitude and pride, that the very highest honor that can ever come to the son of a Confederate soldier has been bestowed upon me, I accept the invitation extended by you, as commander-in-chief, to deliver the oration at this year's reunion of the United Confederate Veterans' reunion in Birmingham."

"At the same time, let me warn you, sir, that I have none of the graces of the trained orator, nor none of the qualifications of the natural orator. Never until a year ago, did I undertake public speaking from a platform, and the kindness of the audiences that greeted me did not blind me to my own shortcomings as a speaker."

"Mine must be, therefore, but a poor effort. I can only promise to tell my father's comrades what it means to me to be an American citizen, and a son of a Confederate."

"I am, sir, with profound regards and sincere thanks to you,

"IRVIN S. COBB."

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mrs. Alry, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

A BIG SPRING.

The state of Florida has its full share of large and beautiful springs. Many of them form good-size streams from the beginning and some are navigable.

The largest spring in the state, and one of the largest and probably the best known in the United States, is Silver Spring, which is located six miles east of Ocala. This spring forms the principal source of the Okaloosa river, a tributary of the St. Johns, and steamboats traversing the river enter the spring basin, which has an area of several acres. The water is from nine to thirty feet deep, and wonderfully clear, appearing absolutely colorless.

A new faillie is so woven that it has alternating ribs in color and gold. This latter is fascinating when the color alternating with the gold is either "Trentin" or old rose.

IRISH REVOLT HAS COLLAPSED, SAY LONDON OFFICIALS.

London, May 1.—After nearly a week of fighting in the streets of Dublin and the killing of scores of the Irish revolt practically has collapsed.

This statement, which was issued by the official press bureau, shows that the military has the situation well in hand.

The general officer commanding the forces in Ireland has reported the situation in Dublin much more satisfactory. Throughout the country there was still much more to be done, which would take time, but he said that the back of the rebellion has been broken.

Last night messengers were sent out from the rebel leaders in Dublin to the rebel bodies in Galway, Clare, Wexford, Louth and Dublin counties, ordering them to surrender, and the Royal Irish constabulary are doing their utmost to disseminate this information.

"As regards the situation in Dublin, rebels from the area of Sackville street, the postoffice and the Four Courts are surrendering freely."

"More incendiary fires took place in Sackville street last night, but the fire brigade is now able to resume work."

"It is further reported that up to the present 707 prisoners have been taken. Included among these is the Countess of Markievicz."

GEM TODAY.

Harold Lockwood, the favorite of "Flying" A fans, is rapidly becoming famous for his success in romantic roles. Lockwood is one of the finest looking young leading men on the screen today. Popularity, however, has not spoiled him, for it is his ambition to excel as an actor, and in airing at versatility and a finished technique, he is totally above playing to the gallery. The hero of "The Buzzard's Shadow," and "The Other Side of the Door," is the American type, tall, clean cut, of athletic build, with brown hair and the bluest of blue eyes. As John Montgomery, he is ideally cast in the character of a gentleman of the early San Francisco days, whose fortunes are bound up with the wild, unscrupulous life of Californian adventurers of that romantic period.

LEXINGTON MASS MEETING DEMANDS REMOVAL OF JUDGE.

Lexington, Ky., May 1.—At a mass meeting of men and women, variously estimated from 400 to 600, in Curry Hall, Sunday afternoon, Chairman Clinton M. Harbison was authorized to appoint a committee of men to prepare and convey to Governor A. O. Stanley a protest against the administration of Police Judge John J. Riley, together with a request for his immediate removal from office.

The action followed comments made by Judge Riley in Police Court one morning last week, which were taken by many good women of Lexington as an insult. It was in effect that he believed from the manner in which Lexington women had interested themselves in cases growing out of the social evil there were no more ladies in Lexington.

Chairman George R. Hunt of the Committee of Social Hygiene, and several other prominent citizens, including Mrs. Desha Breckinridge, Chairman of the Kentucky Equal Rights Association's Campaign Committee, made strong addresses.

FORMER MAYSVILLE CITIZEN DIES AT NEWPORT.

Word was received here Tuesday morning of the death of Mr. William Crane, aged 75 years, at his home in Newport Tuesday morning at 3 o'clock. He had been a sufferer from heart trouble for a number of years and this was the cause of his death.

Mr. Crane was born and reared in this city and lived here until a few years ago. He is survived by a widow, who was formerly Miss Mary Trouts of this city; one son, Mr. Edward Crane of Newport; two sisters, Mrs. James Heflin and Mrs. Sarah King of this city, and two brothers, Messrs. John and James Crane, also of this city.

The funeral and burial will be held in Newport Thursday.

PROMINENT FARMER DIES AT MAYSVILLE.

Mr. James Leonard Bland, aged 65 years, one of the most prominent farmers in the county, passed away at his home at Maysville Monday about noon after a week's illness of pneumonia. He is survived by his wife, who was Miss Anna M. Newell of this city before her marriage. He was a member of the Shannon Methodist church and was an example of the consistent Christian. He was a kind and loving husband and a good neighbor, and his presence will be missed by a wide circle of friends.

The funeral will be held Wednesday morning at 10 o'clock from the Shannon Methodist church, with services by Rev. Eclair of Germantown. Burial in the Maysville cemetery.

DEATH OF MRS. RACHAEL P. FABER.

Mr. J. C. Rains of West Second street, received word Sunday night announcing the death of his aunt, Mrs. Rachael P. Faber, in Bellevue Sunday.

Mrs. Faber was born near Orangeburg, this county, on February 22, 1837, her maiden name being Bruer. Since her marriage in 1866 to the late Joseph Faber, she has made her home in Bellevue.

Funeral services Wednesday afternoon at 2 o'clock from her late home. Interment in Evergreen cemetery, Newport.

There will be an entertainment given by the Guild of the Church of the Nativity, of music, refreshments, etc., for the benefit of the improvement fund at the residence of Dr. Matthews Thursday, May 4, at 7:30 o'clock.

There were five additions to the Third Street M. E. church Sunday morning.

MAYSVILLE LADY ENJOYS AERIAL FLIGHT.

The following article from the St. Petersburg Daily Times of Wednesday, April 19, is of interest to local readers:

Mrs. S. M. Lawson of Chicago, and Miss Edith Hamilton of Maysville, Ky., enjoyed flights yesterday morning in Johnny Green's airplane Betty. The day was ideal for a flight and Mrs. Lawson said the sensation was great, declaring that it is the only way to see St. Petersburg and particularly the beauties of Coffee Pot bayou. An altitude of about 600 feet was attained by the aviator. Mrs. Lawson claimed that the only drawback was the inability to carry on speech while in the air. Miss Hamilton, after the flight, said that the appetite, which was strangely lacking while in the air, returned once she got back on solid footing. Both ladies expressed themselves as being delighted with the novel experience.

MASON COUNTY COURT.

The following business was transacted in the Mason County Court Monday:

The settlements filed at the last term of court and laid over until this term for exceptions, were ordered recorded, no exceptions having been taken.

Several settlements were produced in court, filed and laid over until the next term for exceptions.

A paper bearing date of February 4, 1914, and purporting to be the last will and testament of Catherine F. Cooper, deceased, was produced in court and filed. The due execution of said paper was proven by the signatures of W. G. Cooper and R. G. Humlong, attesting witnesses thereto, and was admitted to probate.

In the matter of the probate of the last will of John T. Fleming, deceased, a copy of the will was ordered certified to the judge of the Probate Court of Chautauque county, Kansas, for probate in said court.

The sale bill of R. G. Bullock, deceased, was produced in court and filed and ordered to be recorded.

On motion of the heirs of Nancy Downing, deceased, it was ordered that Thomas E. Downing be appointed administrator of the said decedent and he qualified as such with W. Y. Williams and J. F. Harbour as surety on bond. Messrs. William Colvin, Daniel Adams and Dave Dunn were appointed to appraise the personal estate of Nancy Downing, deceased.

GOOD TIME TO AGITATE.

(Mt. Olivet Tribune-Democrat.) Good time now to agitate the re-establishment of the Mt. Olivet and Maysville star mail route. This route would greatly relieve the congestion in the mails from Brooksville and Carlisle, the volume of which, with the steady increase, will soon require the services of two-horse rigs. Let some active man lead out at each end of the line and get a full and free expression of the people. Both Mt. Olivet and Maysville business men, as well as those of Sardis and intermediate points, would be especially inconvenienced and benefited by the re-establishment of the old mail route between the points mentioned.

STRAWBERRIES GETTING CHEAP.

Within a short time strawberries will be so cheap, according to dealers, that everybody will be able to buy them. The cool weather has retarded the ripening of the berries in Alabama and Tennessee, but a few days of warm weather will bring large quantities of them to northern markets. Just now the Alabama berries are crowding out those from Louisiana, and the Tennessee crop will be here in ten days. The states lying between the extreme south and north will be on hand with their crops almost at the same time when the southern crop is exhausted and the result will be enormous shipments to Maysville and other cities. Retailers are selling strawberries for 15 cents a quart.

AWARDING COMMITTEE.

The members of the awarding committee in the woman's suffrage prize essay contest are Hon. E. L. Worthington, Dr. John Barbour, pastor of the First Presbyterian church, and Miss Mary A. Finch. The essays will be delivered to the president of the Suffrage League and by her submitted to the committee without the names of the writers or the schools they represent. All essays must be sent in on or before May 10.

Mr. Robert Lee Straus delighted the congregation of the First Presbyterian church Sunday evening with two beautiful violin solos.

BASEBALL DOPE.

Manager Jimmy Jones Monday released infielder Anders and Catcher Einsfeldt. Others will be let out in the next few days. Manager Jones is now dickering for a good infielder.

Shortstop Kelly, the premier short-fielder of the Ohio State League and star of the local club last season, arrived Monday. The fans are all glad to see him back, knowing that a hole in the infield is plugged.

Arrangements are now being made for a game next Sunday between the local Ohio State Leaguers and a fast team out of Cincinnati, probably the All-Professionals, which is about the fastest semi-professional club around the Queen City.

"Red" Meyers, a local boy and well known to the fans, was out practicing with the Leaguers Monday afternoon and made a favorable impression with Manager Jones.

With a few more days of favorable weather the boys will be in fine fettle and will look as good as the best when the season starts next week. All are enjoying a good workout at League Park every afternoon and are getting in splendid condition. Not a charity horse in the whole bunch and not a fellow hurt in any way yet. The god of luck is certainly not working against us.

There was not much good stock offered on the local trading rings Monday and the trading was not as brisk as is usual on County Court Day.

Mr. W. H. Harrison, who has been critically ill at the Potts boarding house in the East End, has been removed to the home of his brother, Mr. R. M. Harrison on Commerce street. His condition remains about the same.

P. T. A. MEETING.
